

The following are the Technical Requirements for Magician@Play's Beyond Reason.

**About Beyond Reason:** This show is primarily a mentalism / magic performance. During the course of the 60-70 minute performance, several audience members will be brought up onto the stage. The maximum on stage at one time is 4 Guests + the Performer (totaling 5 people). It is important that both the performer and his guests on stage are easily heard and seen by everyone else in the audience.

**Stage:** While the show is performable on almost any stage size, the preferred minimum dimensions are 1ft Tall x 12ft Wide x 8ft Deep. Stairs for easy, safe access are also required. If possible, having the stairs positioned at the front of the stage is preferred.

**On Stage:** Three standard folding chairs. One Table (4ft x 4ft is ideal)

**Sound:** One body microphone for the performer. Headset is preferred, but a lavalier mic is fine. One standard, wireless handheld mic on a mic stand (not a podium). There are two sound cues during the show. Generally, these can be run by an iPod provided by the performer. During the pre-show sound check, the performer will meet with the sound operator to walk through the sound cues.

**Seating:** Seats should be as near to the stage as possible while still remaining comfortable for the front rows to see. During the show, audience members will be brought up to the stage frequently. Seating should allow a bit of "breathing room" for people to get through.

**Lighting:** Theatrical Lighting is not essential to this show, however it adds to the overall experience for the audience. A general, clean wash of the stage is fine. If possible, it's preferred to have the front edge of the stage very well lit. The performer spends most of the show in the downstage areas. Please, do not use pink, blue or other odd colored gels. Yellows, whites and diffusers are fine.

There may be times when the performer may ask for the house lights to be brought up or down.

**Dressing Room / Green Room:** A private space for the performer to change clothes, prepare for the show and securely leave his belongings during the performance.

Also, please provide 2-3 bottles of water.

*Thank you for helping us make this a successful performance!*
